FERRY COUNTY RESOLUTION NO. 2012-18

GRANTING PERMISSION FOR LOON LAKE LOON ASSOCIATION TO USE ELECTRIC AND/OR GAS MOTOR FOR LOON STUDY

WHEREAS, on September 24, 1990 the Board of Ferry County Commissioners passed Ordinance No. 1990-04 abolishing the use of internal combustion boat engines on Empire, Ferry, Fish and Swan Lakes; and

WHEREAS, on June 18, 2012 the Board of Ferry County Commissioners received a letter from Loon Lake Loon Association and Biodiversity Research Institute requesting permission to use a gas motor for the capturing of the Long, Swan and Ferry Lakes territorial common loon pairs and chicks for banding and lab sampling; and

WHEREAS, the capturing of loons is accomplished at night and will be done very quietly without disturbing sleeping campers during the period of July 6th to July 13th, 2012.

NOW THEREFORE BE IT RESOLVED, that the Board of Ferry County Commissioners are granting permission to the Loon Lake Loon Association and Biodiversity Research Institute to conduct the capture of loons for banding and lab sampling by using a gas motor during the period of July 6th to July 13th, 2012.

NOW THEREFORE BE IT FURTHER RESOLVED, that this permission will be revoked on July 14th, 2012 and all Lakes named in Ordinance No. 2012-18 will be non-motorized Lakes.

DATED this 25th day of June 2012.
