WHEREAS, the position of County Commissioner requires attendance at numerous meetings, participation in many committees, partnerships and promotion of legislative issues, requiring extensive travel, within the county and outside the county; and

WHEREAS, RCW 42.24.090 allows payments for the use of personal automobiles for official travel, provided the legislative body determines that these payments would be less costly to the county than providing automobiles for official travel; and

WHEREAS, Ferry County Resolution 2004-01 establishes the rate of mileage reimbursement to be consistent with the state rate and become effective on the same date as the state; and

WHEREAS, the reimbursement will be calculated at actual mileage to and from the locations for official county business meetings and other required activities; and
