If you answered no to the first ten questions, and yes to the last question, you have the option of either obtaining a Building Permit, or a Partial Exemption Building Permit. **(If you answered yes to any of the first ten questions, or no to the last question, you must obtain a Building Permit, rather than a Partial Exemption Building Permit. If you are adding to an existing building, you do not qualify for a partial exemption.)**

In order to obtain a Building permit, you must submit construction plans. A plan review will be performed, inspections will be made, and the fee will be calculated based on the square footage of the structure. If you elect to obtain a Partial Exemption Permit, no plan review or inspections will be made. The only plan required to obtain a Partial Exemption Permit is an accurate plot plan. **The plot plan must show the location of the proposed building in relation to other structures and property lines.**

The fee for a Partial Exemption Permit is \$35.00. We also offer an optional Plan Review service. (Inspections will not be made, but you can verify that the materials you decide to use will meet code.) The fee for the plan review is \$30.00. Partial Exemptions are subject to all Planning Land Use Regulations. If it becomes necessary to make a site visit, a \$30.00 site visit fee will be charged.

All fees can be made payable to the Ferry County Planning Department.

Please circle a choice below:

- Partial Exemption (Flat fee of \$35.00) **See above 11 questions.**
- Building Permit (Fee determined based on sq. footage, and no additional fees are collected. Plan review and shoreline staking are included in the permit fee.)
